See online article for wonderful pictures and tips.

**Supplies:** 1 yd 45-inch flannel fabric and 1 yard of coordinating flannel fabric, sewing machine, thread, pins, measuring tape.

### Directions:

1. Wash fabric before sewing.
2. Make a template out of tissue or interfacing. Write seam allowance and measurements on the pattern. Try to get 6 cloths from a one-yard piece of 45" fabric. Template measurements are: 11" wide and somewhere between 17-18.5" long. Round corners of template using a cup or bowl.
3. Adjust template as needed. Cut 6 cloths from each 1 yard piece of fabric.
4. Pin 2 coordinating fabrics right sides together and sew around the outside with a  $\frac{3}{8}$ " seam allowance. Leave a 4" opening to turn the cloth.
5. Clip the corners and turn right sides out. Turn the edges of the 4" opening under and pin.
6. Sew around the cloths  $\frac{1}{4}$ " from the outside to finish.
7. Package 4 to 6 for gifts.
